MEET ME.

At Allen Christian Endeavor League State Convention in Macon, Mo., July 3-5. A convention for information, inspiration and enthusiasm. Come and learn the newest methods of making your league a wide-awake and enthusiastic one.

A School of Methods will be conducted every day by experts and specialists. Inspirational addresses will be delivered every noon and night. Bishop Parks, the presiding bishop of the district, presiding elders, pastors and leading workers are expected to be present. You cannot afford to miss it.

May we count on you?
Help us to put the League "Over the Top" in Missouri. A splendid chorus will furnish the music.

To meet the expenses, every church is asked to send One Dollar to Mrs. Lillian Booker, Macon, Mo.

Registration fee of Fifty Cents will entitle every one to a badge, program and all the rights and privileges of the Convention. Every League in the state is required to send one or more delegates. All pastors and Christian workers in the Sunday Schools and Missionary Societies are invited to be present. We owe it to the young people of Missouri to meet in our first State Allen Christian Endeavor League Convention in order that we may learn to do more and better work for God and the young people.

Owing to the high cost of living, the good people of Macon are compelled to charge the small amount of Seventy-five Cents a day for our entertainment, which is nothing in comparison to what good we will get out of the meeting, and the royal manner the Allen C. E. League of Macon will entertain us.

BISHOP H. B. PARKS, D. D., Presiding Bishop.

REV. JULIAN C. CALDWELL, General Secretary.

MRS. SADIE E. DIMERY, State Superintendent.

PROGRESS STUDY CLUB ELECTS OFFICERS.

The Progress Study Club in their closing meeting for the season met at the residence of Mrs. E. Baldwin, 1612 Lydia Avenue, Wednesday afternoon. The ladies voted \$4.50 and a shower of edibles to be given to the Orphan Children's Home. The officers elected were: President, Mrs. J. Silas Harris; vice president, Mrs. J. R. E. Lee; secretary, Mrs. H. C. Herndon; assistant secretary, Mrs. Mildred Mott; treasurer, Mrs. Alice Mason. The retiring president, Mrs. Emma Vaughan, was elected delegate to the State and also the National Federation; Mrs. J. S. Harris second representative; Mrs. A. E. Jenkins, third; Mesdames E. Baldwin, J. R. E. Lee and Mildred Mott alternates, to each convention. The club adjourned in a very happy and prosperous condition to meet Wednesday, September 25, with Mrs. J. S. Harris.

The Sun had the honor of a visit from Miss Hattie Ross, founder and incorporator of the Helpful Organization known as the MOTHER'S GUARD which was incorporated under the laws of the state of Kansas and its purposes are to life up people and the nation and to help brighten the world. Its motto is to be honest, trustworthy, loyal, helpful, polite, obedient and brave; and under the had of Duties are incorporated many helpful and useful ideas which if put in practice will unquestionably lift the standard of the race.

It was organized by Miss Ross in 1904 at a large mass meeting in Carnegie hall, New York City, and she has never ceased her efforts to make it a useful instrument in race development and race achievement. Every well thinking and well wishing member of the race should give Miss Ross their unqualified support in this excellent movement.

WHEN A CUP OF COFFEE TASTES LIKE A MILLION DOLLARS

He Got His Cup and Then
Went on—to Death.

Through the establishment of the line of communication canteens in France the American Red Cross is setting records in serving hot coffee, cocoa and sandwiches to the troops. One of these refreshment units made another new record recently, serving more than 50,000 meals in one week. At another a cup of coffee was served every ten seconds for a period of two consecutive hours.

In a single week these lines of communication canteens often serve 50,000 American and French soldiers.

Soldiers in Box Cars.

Do our soldiers and their allies really want this form of Red Cross service? A letter from a young American aviator, a 1917 graduate of Princeton University, is probably typical. It might be added that this man has since been reported killed after bringing down a German Taube. "A 50 mile train ride over here," he said, "instead of taking a few hours may take days. When we stop at a Red Cross canteen you can bet that a cup of coffee tastes like a million dollars."

It is not always possible for a regiment to provide sufficient food and hot coffee on these long journeys, where the men must often be packed standing into unheated box cars ordinarily used for carrying horses. So imagine for yourself the warmth, the cheer, the comfort that piping hot coffee and good sandwiches bring to our boys after a night on such a journey! You can just bet that it stiffens a man's courage. Your Red Cross is handing out this renewed courage by the piping hot cupful.

Danger in "Pushing" Pupils.
At one of the institutes held in Toronto, Chief Inspector Cowley expressed the opinion that there was as much danger in pushing a pupil on as in keeping him back. "Hurry Slowly," is a good motto, he said. He gave statistics to show that out of 61,000 pupils due for promotion last summer only 12,000 passed. The reason for this included irregularity, ill-health, lack of ability, poor home conditions and slow mental development.

Peanuts as Consumption Cure.
A doctor has suggested that a diet of peanuts is a cure for consumption. He records the case of two young women who had grown sick of cod liver oil and tonics and who were treated by him with salted peanuts—all they could eat—combined with inhalations of vinegar. Both patients became plump, and after one year's inhalation ceased coughing, and were pronounced cured. Peanuts are recommended also for sleeplessness.

Something Else to Observe.
"I might have known that you would refuse me," said the poor and passionate young man who had failed to make an impression on the maiden's heart. "I noticed a metallic ring in your voice when I entered the drawing room tonight that boded me no good."
"And had you been a little more observant," she replied, "you would also have observed a metallic ring on my third finger that Billy Bagsful placed there last night."

Good Advice.
Visitor—My poor friend, pause to consider when next you are tempted. Take time, my dear man, take time.
Convict—That's what I done. I did take time—I took a watch.

Complaints in Order.
"Old Smith is complaining of the vertical writing in schools," "He's an old grouch. Next thing he'll be objecting to the horizontal bars."

Cure for the "Blues."
One of the cures for depression is a long walk in the fresh air. Not dawdling up and down the street staring into shop windows, but a good, brisk walk of many blocks, with the mind concentrated on something else than our troubles. A good book is another cure and perhaps one of the best. Even letter writing may serve or a visit to a friend. Action, action, action! That is what one must force one's self into if the melancholy is to be dispelled. There are so many real troubles and sorrows in the world. There are so many brave persons wrestling with real problems it seems too bad that anyone should lose a chance of happiness in worry over imaginary troubles. Remember that every shield has two sides and that one side is golden. Look on the bright side of the shield.

His Duty Done.
The family is rather demonstrative when the various members of the household come and go. The grandchildren are expected to embrace every one at the beginning and at the end of a visit. Fred and Albert were getting into their clothing and making their hasty adieux preparatory to catching their train home after Christmas. "Hurry up, Fred," Albert shouted. "You're too slow for anything. I've got mine all kissed."

THE KINSLER APARTMENTS.

This property, which is located at 1912-14 East 14th, was recently purchased by H. L. Kinsler, the hustling REAL-ESTATE AND LOAN AGENT, of 918 East 21st street.

Mr. Kinsler made this deal for an investment, and for a home for he and his wife. The building is strictly modern, built of pressed brick with a slate roof, and has twenty independent rooms.

All We Ask Is Sufficient Income To Permit Us To Live

"It Is Essential Public Utilities Be Maintained"

This Company is asking only a reasonable addition to its rates from the Public Service Commission under conditions which we cannot control and which are not of our making.

THE STATE FIXED THE PRICES FOR OUR PRODUCTS. WE ARE COMPELLED TO SELL AT THOSE PRICES UNTIL THEY ARE REVISED.

We do not know how long this era of high costs will last, but we are prepared to show the Commission that they are greater than the prices we receive, and we ask relief only until the costs go back to normal.

When the prices of things necessary to produce heat and electricity are reduced, the State has a right to reduce the rates, and when prices increase the State should exercise the same right to increase the rates.

We only want our rates adjusted to meet the present conditions. We do not want exorbitant rates, neither can we continue to exist on present rates.

We are asking only fair play. We cannot prosper unless the city prospers, and the city cannot prosper unless we continue to grow, for industrial development requires electric light. We are now constructing another power plant on the Missouri River to aid in the development of the city, but unless we are permitted to earn a fair return upon our present investment, we cannot hope to induce other investors to put their money into new construction.

It is to the City's interest as well as our own to see to it that we receive a fair return on the money actually invested in our plants.
